Call for papers

We are delighted to announce a call for papers for The UKCP Conference. The Conference offers a platform to showcase your work to the UKCP membership at the America Square Conference Centre, London on **Friday 22 and Saturday 23 November 2024.** We welcome papers on the theme of *Psychotherapy in a Changing World*. UKCP members at all stages of their career are encouraged to submit. If your topic doesn't fit within this theme, you are still welcome to submit your paper. Presentations reflecting practice issues are also welcome.

Deadline for submissions has been extended to: Thursday 12 September 2024, at 12 noon (BST).

Why submit a paper:

Our paper submissions form a key part of the UKCP Conference and provide an opportunity for authors to showcase their innovative projects, research and practice issues to an audience of psychotherapists.

- Showcase your innovative ideas, strategies and project outcomes
- Encourage others to learn from your experiences by giving practical advice others can adapt and apply in their workplace
- Share your achievements and present key learnings to your colleagues and influence practices across the UKCP membership
- Communicate your organisation's work
- Build your profile amongst your peers
- Network, collaborate and share experiences with peers and with colleagues across all psychotherapy career stages

Please note at least one of the named authors must register to attend in person to present the paper. Please click here to register your attendance today to secure your space at the early bird rate. **Please note the early bird rate has been extended to Friday 19 August 2024!**
